

More mobility,  
more design possibilities

Our visitor chairs and armchairs are now even more attractive. The range of NORTH CAPE and MOON chairs and the TWIST&SIT, TULA, and DANAЕ armchairs has been complemented by a new pyramid-shaped base on castors, which will meet the mobility needs of today's employees and bring more elegance and modernity to offices.

You can choose from five colours for the pyramid base. In addition to the standard black and white, there are metallic, dusty rose and avocado green. All these colours are available at no extra charge.

# NORTH CAPE

Visitor chair. Created by Baldanzi & Novelli designers

This modern chair with its minimalist, stricter shapes create a slightly more formal atmosphere. The NORTH CAPE collection consists of executive, task, visitor and conference chairs, so that all the necessary functions can be fulfilled while maintaining the unity of style.

Recommended for smaller meeting rooms, shorter and more formal meetings.

# MOON

Visitor chair

It is one of the most popular choices in the NARBUTAS range of visitor chairs. With its lightweight, minimalist design, the chair is well-suited to a variety of office interiors and spaces – it can blend in perfectly with its surroundings, or be an eye-catching accent with brighter upholstery.

Recommended for smaller meeting rooms and co-working spaces where there is a greater need for mobility.

# TWIST&SIT

Armchair. Created by Christina Strand and Niels Hvass

This armchair is part of our distinctive, particularly extensive TWIST&SIT lounge seating collection. The armchair features the iconic TWIST&SIT elements you will recognise – the segmented back and stylish armrests. The armrests make the user feel more comfortable and allow more freedom of movement. The TWIST&SIT armchair with a versatile design is suitable for both traditional and modern interiors. Recommended for medium-sized meeting rooms, co-working spaces and longer meetings.

# TULA

Armchair

TULA combines comfort, cosiness and playfulness. The back and front of the armchair can be upholstered in different colours to further emphasise the shapes and distinctive character of the product. TULA is a comfortable product with a distinctive design, inviting you to relax or get inspired.

Recommended for larger, informal meeting spaces and creative workshops.

# DANAE

Armchair

A perfect example of comfort, cosiness and elegance. The DANAE armchair is one of the softer armchairs in the NARBUTAS range, ensuring comfort even during longer meetings.

Recommended for larger meeting spaces with more refined interiors. With the proper choice of finish, it will become an integral part of the executive office or its meeting area.
